Delivery

- Bulls that are picked up sale day will receive a \$100 discount.
- Any bulls returning to the seller's farm must be insured, unless arrangements have been made between the buyer and the seller.
- Deliveries will start around April 1, at the seller's convenience.
- Bulls will be delivered free of charge up to 200km from Ranch.
- Bulls traveling to farther designations will be at cost.
- Bulls traveling to the eastern provinces and for export will have trucking arranged at cost; unless other arrangements are made.
- Replacement heifers are to be picked up at the Ranch sale day.

USA & Mexico Export

We at Leewood Ranch and Kuzio Farms will arrange for all tests and paper work required to export these bulls to their new owners. It usually takes several weeks to get these test completed and results back. Transport will also be arranged at cost. We usually use Knill H S to send bulls to the USA and Mexico.

Bull and Heifer Selection Assistance

Purchasing breeding stock is a major part of raising livestock. Photos and video are great tools but don't always tell the whole truth. If there are any questions on sires, dams, CE, WW, milk, etc please don't hesitate to give us a call. We can help narrow your search or point you to a bull that suits your needs

Sight Unseen Purchases

If you need a bull or heifers but don't have the time to come to the sale we can help. Kuzio Farms and Leewood Ranch are both family run. We are the guys that do the foot work in our operations from the feeding to the breeding. Call ahead of the sale and we can discuss what you need or want in your next herd sire. We will select a

bull that will fit your operation, at your price point. The saying with us is "We rather keep our buyers happy than look for new ones each year".

You can also place orders with the sale staff or bid online. You can bid online at DLMS.ca. Videos of the Leewood Ranch bulls and replacement heifers will be on Cattlevides.ca, a few weeks prior to the sale. If there are any questions on the Leewood Ranch Replacement heifers contact Colt or Howard Arnold.

Sale Group Guarantee

All bulls are guaranteed to be satisfactory breeders in accordance with the Simmental association guidelines. We stand behind our product, Should a problem occur please contact us and we will make it right. A replacement bull (of equal quality), a credit or reimbursement will be given at our digression. Any physical injury or mismanagement of the bull(s), will void any reimbursement.

Volume Discount

We really appreciate are customers and for buyers needing several bulls this spring, we are offering a volume discount. Any buyers purchasing 3 or more bulls will receive a 3% discount. There is no minimum limit on price of bulls.

Bull-Breeding Soundness

All bulls will be semen tested before the sale. Bulls are tested for Sperm motility, morphology and are also subjected to a physical exam. They are checked for any scrotal, penis and other physical problems that would affect their ability to breed. Any bulls failing these tests will not be at the sale. Any semen deferred bulls have been tested and have been deemed by the vet to mostly likely pass a semen test at a later date. These bulls usually fail do to age or weather problems. All are semen testing is done with the great ladies at the Viking Veterinary Clinic.

Heifers-Breeding Soundness

These heifers have all been palpated before the sale. Heifers that are found to be sexually underdeveloped or free martin will have been shipped.

Health

All bulls will be vet checked, scrotal measured, weighed and semen tested. All sale cattle are on a full health program. Any questions on feeding or exact health protocols please contact Kuzio Farms or Leewood Ranch.

Polled Testing

A select number of bulls will be Homo Polled tested.

Homo polled = no horns on any Calves

Hetro polled = 50% polled calves on horned cows

Colour Testing

Some black bulls will be tested for colour expression. Homo black bulls will not sire any red calves. The fullblood and a select few red bulls will be diluter tested. Bulls testing diluter free can be crossed with black cows and should not give you any grey calves.

Semen Reserve

We reserve the right to draw semen for in herd use on any bull in the sale offering. Semen will be drawn at seller's expense and buyer's convenience.

Epd's

Epd's are basically a Mathematical estimation of a animals genetic value. There not always right but they can help in choosing your breeding stock. Below is a list of the epd's and what they stand for.

Abbrev. Description Units

CE- Calving Ease %	Stay- Stayability
BW- Birth Weight	CWT- Carcass Weight
WW- Weaning Weight	REA- Carcass Rib-Eye Area Square
PWG- Post-Weaning Gain	Fat- Carcass Fat Thickness
YW- Yearling Weight (WW + PWG)	Marb- Carcass Marbling Marbling Score
MCE- Total Maternal Calving Ease	API- All Purpose Index Index
BWM- Birth Weight Maternal	TI- Terminal Index Index
Milk -Milk	
MWW- Maternal Weaning Weight

TERMS – The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made prior to the sale. The right of property shall not pass until after settlement is made.

The sellers reserve the right to require a certified cheque as settlement before releasing any sale cattle. Should the purchaser fail to settle for his purchase the breeders reserve full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. Sellers and sales staff has the right to refuse bids from anyone who has a previous record of default in payment and who has not made prior credit arrangements, prior to the sale with the group.

BID-Every animal consigned to the sale must be sold by auction. No by bidding will be permitted. Each animal will be sold to the highest bidder.

DISPUTES- In case of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK- Each animal becomes the risk of the purchaser as soon as sold. **ANNOUNCEMENTS** from the auction block will take precedence over printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY- The proper Registration or Recordation paper, as the case may be, will be duly transferred and furnished to the buyer for each animal after the settlement has been made.

SHIPPING- Assistance will be given in making shipment after the sale but no risk is assumed by the Seller. Purchasers are requested to furnish shipping instructions

when making settlement.

GUARANTEE- All animals will carry standard breeding guarantee as specified by the Canadian Simmental Association. At no time shall the seller's liability exceed the purchased price of the animal.

EXCEPTION TO GUARANTEE – In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void. In the cases of bulls, they are guaranteed to breed naturally according to the Canadian Simmental Association Guarantee but no guarantee is given that semen from any bull will freeze.

HEALTH – All animals will have passed the required tests as determined by Agriculture Canada at sale location. It is the buyer's responsibility to determine health requirements for importing any animal into his province or state.

ACCIDENTS- Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sellers or any Sales Staff or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS – The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

PICTURES- By attending are sale you are giving your consent for your picture to be taken and used for promotional or advertising purposes only of the Sellers. If you wish to not have your picture used please advise us in writing immediately after the sale.

Welcome to our 4th bull and female Sale alongside Kuzio Farms. A big thanks, goes out to all the past buyers and bidders that have supported our sales. This set of bulls without a doubt is the best group we've ever had. We have several bulls out of our new herd sires PWK Max Factor and LHVS Edward that are real beef bulls. Again, we will have many of the industry's top AI sires represented with one of larger group of bulls sired by MRL Red Whiskey. We have a great selection this year and something for everyone from heifer bulls to power bulls in every colour of Simmental you can ask for. Our heifer selection is also a cut better than other years, with us keeping less and cutting the bottom harder. The heifers are sired by many of the same sires as the bulls are. If you can make the trip, I think you'll be more than happy you did even if it's just for lunch. Any questions on the bulls or replacement heifers please call. Visitors are always welcome to view cattle prior to the sale.

Directions to Ranch

From Mannville south on HWY 881 to TWP 490. West on TWP 490 to RR94. Take north fork into Yard.

PWK 60U SON
Sold to Triple K for \$15000

These pair of Max Factor sons have been standouts since 2 months old. Both have been pasture favourites and everyone that toured picked them out straight away. Both bulls carry tons of muscle, with added thickness and wide backs. Their Dam PWK 60U was picked out of the Workman dispersal to become a donor and we really like what she's done here. A proven cow that has sold several sons and daughters across the prairies. I don't think you can go wrong with either bull.

This bull just shocks me every time I see him in the pen. I didn't plan on selling this bull in the sale due to his age, but he's really packed on the meat since weaning. I really like this bull, he's got a great hip, good top, hairy and his dam is a tank of a fullblood cow. CRF 192Z is a low set, long Radium daughter that has perfect feet and is well uddered. I think anyone looking to keep some replacements, should look at this guy.

These two Max sons are just tanks. They both have high adjusted wean weights at 895lbs for LR 746G and 921Lbs for LR 42G. These are a couple of belly dragging bulls with big hips, wide backed and super quite. If your plan is to add some thickness to your calves, I think these brothers could do the job.

The last but not the least of the 3 brothers, Shawn can hold his own. He ranks very high in my books with an actual weaning weight of 1055lbs and looking good doing it. I think it's safe to say he'll add some performance to your calves. Red Whiskey sons have been in high demand over the last few years, with several selling in that \$20000 and up range. I think there's a chance to own a Red Whiskey son that won't leave your wallet empty. A proven Sire, with a proven dam..... that makes the choice pretty easy.

PWK 76A

A Red Whiskey son, out of the picture perfect cow PWK 76A. Jameson will be the third time 76A was bred to Red Whiskey with full brothers selling in 2017 and 2018. We also bought her daughter from the Workman dispersal. A performance bull that will add frame and lbs to his steers. He does carry a little more birth weight but PWK 76A has never been helped at all.

WESTGOLD PASSPORT 552C

Maker is an outcross herd sire and has been a standout all summer. His dam was one of the high sellers from the 2015 source sale at \$15000. CRF 89C is the soggiest cow we've ever had on the farm and is as easy doing as you can get. His sire was the \$28000 high seller from the 2016 Westgold bull sale and goes back to the great Wet Dream bull that has worked so well at Westgold Farms. I think this herd sire will speak for himself sale day.

51G's dam was the high selling bred heifer from the Workman dispersal and has done a heck of a job on her second calf. PWK 51D is a high volume, quiet, good uddered cow that we really think highly of. Eddy has a very respectable wean weight of 853 lbs and an adjusted ww of 799 lbs. I think this bull will give you added performance but his maternal side will be what you love most once his daughters start milking.

He's The Muscle and he's one heck of a 90Proof son. This bull has been built like a little tank since a month old. 34G dropped out pretty small for a cow at 84lbs and I wasn't sure these 90Proof calves had any power and boy was I wrong. He's going to be a bull that lowers birth weights but keeps the performance in his calves. Just a good all around bull plain and simple.

Full Fleck - Clint is a natural calf out of our donor cow BMS 45C and sired by one of our high selling bulls in 2018 Leewood FF Josey 7E. This guy is super thick; deep bodied but is a very moderate framed bull. I took Clint and his dam to a couple pair shows and he ended up winning First at Turtleford Show. I believe Clint will be hard to miss sale day.

Full Fleck - Judge is sired by the old boy himself Champs Romano who is still breeding cows at 14 years old and his dams sire breeding cows still at 12 years. BMS 45C is one of our top cows and is hard to fault with a perfect udder and feet. A full brother sold through this sale last year to Kassian Farms.

These two have been the standouts since July. Zeke and Emmitt have been massive since they were calves. These two Lotto sons made us want to flush LWC 10B back to Lotto for some more. We've had lots of calls on these two since we put up some photos in July. Super deep, big hip, wide backed and a money strip to top it off, these two brothers will work. Picture these guys out breeding a group of black cows and the calves hitting the ground in 2021.

One more Absolute son to appraise. 67G is a moderate framed with a smaller head and smooth shoulders. He has some power on the bottom side that has added some good performance numbers. He's a solid low birth weight bull that should calve very well and still give you something in the fall.

Replacement Heifers

We have lowered our own replacement numbers this year and cut the sale heifers harder than ever before. The quality is the deepest its ever been and we would be keeping every last one in the sale this year if we had the energy for more. Our first calvers regularly wean steers at 750-800 lbs and these girls are from the same stock. These heifers were born in late January to March. Heifers are palpated before the sale for breeding soundness. Most of the heifers will be purebred Simmental and several will be 1/2 to 3/4 sisters. The replacement heifers are on the same feed as our replacement heifers we kept. Their ration is made up of 3:1 mineral, straw and pea/oat silage. Heifers have been given Bovashield one shot and Ultrabac 7/Somabac. If you have any questions or want to tour the herd please contact us. The Photos below are some First calvers that will be 1/2 to 3/4 sisters to the heifers in the Sale.

Potash First calver with steer at side in September (maternal sister to some heifers)

Steer off first calver October

First Calver in July with Heifer calf

Kuzio Farms

We have a great selection of high quality bulls from leading AI sires Red, and Black this year along with quality open replacement heifers. Bulls are not on creep feed while on pasture. We would like to thank all of our past customers for their interest and support of our program and we strive to continue to meet your herd sire needs. Please feel free to stop by the farm prior to the sale to view our offering. If you are unable to attend the sale but are interested in a bull please give us a call and we will go over the sale bulls with you. We look forward to seeing you March 3.

A solid dark red Capone son that puts it all together in a very complete package. KUZ 73G possesses the extra body depth and thickness that will cause you give him a second look. You have to look at this bull from all angles to really appreciate him. Has good testicular development. His broody dam is one of those don't miss cows that always has a son or daughter at the top of the pen. Her Royal Red heifer calf sold in last year's sale to Leewood Ranch. Jessie Guy purchased a high selling maternal brother in the 2018 sale.

Dark, dark red heavy haired Bootlegger herd sire prospect here. A bull that I think is the total package, color, hair, decent birth weight, good disposition, great performance, testicular development and moves out well on a good set of feet and legs. His dam has produced a few high selling sons and every daughter made it to the replacement pen. Mark KUZ 51G in your catalog for one to look for. A maternal Royal Red brother was the high selling bull in the 2017 bull sale going to Lavoies. A full brother in the 2018 sale going to Jim Matthews.

A dark red super stout Sheriff son that could be a candidate for the heifer pen. He has been a little pudgy right from birth. His Predestine mother did a great job on her first calf. She is one of those heifers you wish you had more of, very hard to fault and looking like she's going to be one that can produce the good ones. After seeing what KUZ 64G looked like at an early age, bred her back the same way to try and get a carbon copy but a 75-pound heifer came out this year. Not disappointed though she looks good.
